

MultiServer MFA1000S

MultiServer MFA1000S is specifically designed for small/medium enterprises, SOHO, schools and internet-related product design industries. It provides an overall business solution that is highly stable and easy to operate with low costs. The web based management interface and icon designs are very user-friendly for general users to configure server settings easily. It is the best tool for small and medium enterprises to increase work efficiency and decrease any operation risk.

MultiServer also offers many value-added services including shopping cart, photo albums, short message service, and VoIP service. It can be connected with Microsoft, Macintosh, Unix, Novel or standard TCP / IP systems with features include web hosting, virus free e-mail box , FTP, printer server, DHCP, NAT and firewall. It is a perfect IT network

product for your enterprise.

MFA1000S uses Linux all in one server software and no need to install other high priced and complex software sold individually. Its superior stability will protect your enterprise on the virus attack or a result of human error when operating. It is also equipped with a standard NAT firewall, can filter and monitor the data access as well as administrators can set password to protect any unauthorized person to tamper with the server settings.

MFA1000S is not only server product but also as your best portable tool with all functions together. With this Multiserver, all internet relative options are on your hand as you bring a PDA while you're working. Just few simple clicks, you could create your own e-Mailing, e-store and e-learning platform to enhance the performance of your work and lower your cost

Product Feature

Product Specification

Software Spec	
Item	Configuration
Mail and Network Transmission Protocol	Mail Server : POP3 、SMTP 、IMAP4
	Internet Protocol : TCP/IP 、NetBEUI
	FTP Server : FTP 、Internet (web browser) 、Microsoft Network (SMB)
Web Mail	Use Internet Explorer for view, edit and send mails.
Print Server	provide network printer server function
	Support OS : Windows 95/98/ME/2000/XP
	interface : Parallel 、USB
Internet connection	Support TCP/IP 、PPPoE 、PPTP protocol
	xDSL connection (fixed IP 、dynamic IP)
	LAN (fixed IP)
Network standards	10Mbps Ethernet (IEEE 802.3)
	100Mbps Fast Ethernet (IEEE 802.3u)
	Automatic Flow-Controlled Network (IEEE 802.3x)
Network Storage	File Transmission Protocol (Pure-FTPO Ver.1.2.9)
	Support non-continuous File Transmission
	Secure File Transmission/Fast File Transmission
Language Supports	English, German, French, Japanese, Traditional and Simplified Chinese
	Program language : HTML 、PHP 、GIF 、Flash 、Java Script 、SSL 、JPG
	Database : MySQL
Hardware Spec	
Item	Configuration

System Processor	VIA Luke CoreFusion 1000 MHz Processor
System Memory	512 MB DDR400 SDRAM (MAX :1GB)
Operating System	Linux 2.6 Embedded System
Storage	System Storage: 256MB DOM
	Data Storage : IDE or SATA 3.5" Hard Disk (Optional))
Connectors	1x10/100 Mbps LAN Port
	1x10/100Mbps WAN Port
	1xParallel Port
	4 x USB Port
Configuration Interface	Remote access via web browser
Additional Information	
Package Content	<ul style="list-style-type: none"> MultiServer Food Stand Power Code User Guide Installation CD-ROM Crossover Connector Screw
Operating Environment Requirements	
Item	Configuration
Dimensions (W x D x H)	280 x 210 x 100 mm
Weight	3 kg
Power Source	100-240 VAC, 50-60Hz, 180W
Ethernet	RJ45
Audio/Video Codec	iLBC/H.263
Protocol	SIP standard protocol

Product Comparison with Other Solutions

	MultiServer eMailing Solution	Rented Email Account	Free Email Account
Cost	Hardware Only	Monthly or Yearly Charged on User basis	None
Company Title Display	Yes ex. plus@plustek.com	Yes ex. plus@plustek.com	None ex. plus@freemail.com
No. of Users Account	Up to 500 Users at Fixed Cost	Unlimited Number of Users but Charged by per users	Only one
Update Completion Time	Immediate Update	Slow	Nonscheduled
Transmission Speed	Fast	Slow	Very Slow
Storage Space	Custom	50MB Approx	No more than 2GB
Anti-Spam	Free	None, Monthly or Yearly Charged on User basis	None
Maintenance Cost	None	Recurring Expenses	None
Management	By Users	Not by Users	Impossible
Mail Backup System	Yes	None	Impossible
Capability of Enhancing Corporate Image	Yes plus@plustek.com www.plustek.com	None	None
